

Registration:

IT IS THAT TIME AGAIN to begin planning for the 14th Annual Broward County Envirothon for Broward High School Students. **The event will take place on Wednesday, January 28, 2009 at Hugh Taylor Birch State Park.**

The regional Envirothon program is designed to test senior high school students' knowledge of natural resources in five categories: soil, forestry, wildlife, water resources and current environmental issues. The theme for this year is "Biodiversity in a Changing World".

Representatives from the Florida Association of Conservation, the Florida Department of Agriculture, Science Eye, South Florida Water Management District, Division of Forestry and Broward Parks and Recreation will design the test questions and guide students during the competition.

The overall goal of the competition is to cultivate a desire to learn more about our state's natural environment. Participants are provided with hands-on experience in environmentally oriented activities that will enable them to become aware, action-oriented adults. Teams of five students will represent their school in the Envirothon competition.

There will be a \$20 non refundable registration fee for each team member and their sponsor (total of \$120 per team) District finalists will compete in the state Envirothon in April at Hillsboro and the state champion team will then represent Florida in the National Envirothon competition in North Carolina.

Please inform your students of this unique environmental education opportunity. Schools can have more than one team participating in competition but no more than twenty-five teams will be honored. Please complete the attached registration form and return it to Mrs. Patricia Crawley by November 19, 2008.

If you have questions, please contact Patricia Crawley at (754) 323-3739. Let's make this an event to remember.

Additional information can be found at the envirothon website @ www.envirothon.org.

14th Annual Broward Envirothon Registration Form
Hugh Taylor Birch State Park
Wednesday January 28, 2009

Please Type or Print

High School: _____
